

HELD THEM TO FIVE HITS

Reulbach Pitched Good Ball
But Lost.

HIS TEAM COULDN'T BAT

Heavy Hitting New Yorkers Got But
Five Hits off the Intercity Star,
But Ten Errors by Chicago
Helped in Run Getting.

Only four games of ball were played in the big leagues yesterday afternoon, rain interfering in the other cases. Only one game—between New York and St. Louis—was played in the American league, and as the teams were tied for next to the last place in the standing, there was considerable interest. The Highlanders took the game and jumped above St. Louis, while the latter team was sent down the scale to within 18 points of the "Champions" who head the foot of the list.

In the National league no change was made in the standing by yesterday's games, although by losing to Pittsburgh, Brooklyn was placed on the same level as the Boston. They are now tied for the next to the last position. By defeating Philadelphia, St. Louis took a long leap toward getting out of last place. New York won as usual, and now has a percentage of .800, having lost but five games out of twenty-five. The New York crowd is considerably further along than last year, they having 727 at that time. Pittsburgh, which is not within hailing distance of the first position, is 171 points behind New York.

Ed. Reulbach, the ex-Intercity star, made his debut with Chicago and against the strongest team in the National league. The defeat cannot be laid to Reulbach as he held the heavy-hitting New Yorkers down to five hits. Chicago couldn't bat and got only two hits off Ames, at the same time they made two errors, while New York played errorless ball. New York scored in only two innings.

Summary of the game:
1 2 3 4 5 6 7 8 9
Chicago 0 0 0 0 0 0 0 0 0
New York 0 0 0 0 1 0 0 0 4

Base hits, Chicago 2, New York 5; errors Chicago 2, New York 0; batteries, Reulbach and Kling, Ames and Bresnahan; umpires, Ensign and Klein; attendance, 1,200.

Yesterday's National League Scores.

At New York—New York 4, Chicago 0.

At Brooklyn—Pittsburg 9, Brooklyn 7.

At Philadelphia—St. Louis 11, Philadelphia 8.

| St. Louis | 10 | 13 | .437 |
| Boston | 10 | 14 | .417 |

BASE BALL NOTES.

Wesleyan defeated Syracuse at Middletown, Conn., yesterday, 5 to 3.

The University of Vermont has won but one match in its tennis tournament with Dartmouth.

The Norwich-Middlebury game, postponed by rain, will be played at Inter-city park this afternoon at 4 o'clock.

At Burlington yesterday, Burlington high school crushed St. Albans high school 19 to 1. St. Albans got two hits off Collins, and Burlington 17 off Reagan.

The base ball team at Montpelier seminary is not well pleased with the manner in which the games which they play are patronized. The patronage is satisfactory enough, but a very small proportion of those who witness the games pay any money for the privilege.

The ball game scheduled to be played at Intercity Park yesterday by Norwich University and Middlebury College did not develop, owing to the rain. The Middlebury team went to the grounds and part of the Northfield boys. The others decided that it was too wet for the game and didn't go near the park. A small crowd which gathered decided likewise and went home. This promised to be a good game because each team has won a game.

The batting averages of the University of Vermont up to date are as follows: Campbell .424, Williams .375, Peck .361, Whitney .343, Reulbach .306, Collison .294, Kibby .273, Woodward .250, Thomas .250, Grow .169, Wiggins .167, Ward .111. Team average, .277. The fielding averages are: Thomas .1000, Kibby .994, Woodward .971, Collison .946, Whitney .937, Wiggins .931, Campbell .917, Reulbach .913, Peck .833, Williams .833, Grow .806, Ward .500. Team average, .851.

Dissatisfaction in League.

As there is some dissatisfaction among the four teams which comprise the Franklin county league, that is Enosburg Falls, Swanton, Richford, and St. Albans, over the schedule and the rule relative to players having to be residents of Franklin county May 1, the president of the league, J. A. Mannix, of Swanton, has called another meeting of the board of officers of the league to be held in St. Albans Wednesday afternoon.

All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system. Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

Testimonials of remarkable cures mailed on request. C. L. HOOD CO., Lowell, Mass.

BACK FROM PANAMA.

Gen. Davis, Retiring Governor, Reaches New York.

New York, May 17.—Gen. G. W. Davis, the retiring governor of the Panama canal zone, and his two daughters arrived here yesterday on the steamer Alliance from Colon. Gen. Davis had malaria fever; but he declined to leave the zone till the arrival of his successor, Gov. Magoon, until formally ordered to do so by Secretary Taft, whose message ordered Gen. Davis to leave Colon by the next steamer on the ground that his malarial condition made it necessary for him "at once to have a change of air after a year's hard and dangerous service."

Upon his arrival yesterday Gen. Davis said he had received great benefit from the sea voyage. The malaria had practically disappeared, and he believed that, after a short rest in Westchester county, where he proposes to go at once, he will be fully recovered.

CHINESE RESENTFUL.

But Hong Kong Chamber Does Not Indorse Boycott Plan.

Hong Kong, May 17.—A meeting of the Chinese chamber of commerce was held here yesterday to consider a telegram from the Chinese chamber of commerce at Shanghai, advocating a boycott of all American goods pending a modification of the terms of the American Chinese exclusion act. It was decided to approve a suggestion that a telegram be sent to the government at Peking, asking that the government delay the signing of the act. As it is against the law of Hong Kong to do so, the chamber was unable to discuss the question of the boycott recommended by the Shanghai merchants, and the Chinese here could offer no opinion upon it.

EMPEROR SENDS \$1,000.

Russian Ruler Makes Donation to the Boston Church.

Boston, May 17.—The emperor of Russia has made the Greek orthodox Christians of Boston a donation of \$1,000 for a nucleus of a fund to erect a proper place of worship.

This gift, which was announced yesterday, was made through Bishop Hawnway of the diocese for the Syrian Christians of the orthodox religion, who came to Boston for the first time in his Episcopal capacity about a week ago. Since his arrival \$3,000 has been added to the emperor's gift.

STRENGTHEN QUEBEC.

Gigantic Military Works to Be Begun by Canada.

Ottawa, Ont., May 17.—There is great interest in the announcement that the Dominion government will soon spend a large amount on gigantic military works in the Quebec district. The most important will be two new forts, costing \$3,000,000, at Beaumont, nine miles east of Quebec. They will be located so as to sweep the St. Lawrence channels.

The artillery fortifications at Quebec are to be thoroughly repaired. Three forts at Lewis will be overhauled, armed with modern long distance firing guns and each garrisoned by a company of artillery.

Mellin's Food is endorsed by the physicians. Hundreds of doctors are using Mellin's Food in their own families for their own children. If Mellin's Food is good for the doctor's baby it ought to be good for your baby. Let us know if you would like to try Mellin's Food and we will send you a sample bottle free of charge.

Mellin's Food is the ONLY Infants' Food, which received the Grand Prize, the highest award of the Louisiana Purchase Exposition, St. Louis, 1904. Higher than a gold medal.

PARRY ATTACKS UNION LABOR

Manufacturers' President also
Hits Railroad Rates.

SAYS THEY ARE TOO HIGH.

The Socialistic Trend Discussed at Manufacturers' Convention — Labor Situation from Employers' Side.

Atlanta, Ga., May 17.—David M. Parry, president of the National Association of Manufacturers, in his address before the tenth annual convention of that association yesterday, deprecated the growth of socialism, which seeks the government control of capital, and claimed that attempts in the line of municipal ownership had resulted in the most part unfavorably. Mr. Parry spoke against the closed shop and declared that it would not be upheld by the courts unless there were a radical change in the Constitution of the United States.

Mr. Parry further said in part: "Organized labor was less strenuous in the past year in its socialistic endeavors than in the several years preceding. The efforts of organized labor to secure the passage of laws abridging individual freedom of action met with complete failure at the national capital during the recent session of Congress, as did also a number of attempts to secure laws of a socialistic character from various legislatures. The policy taken by the association in demanding a full recognition from organized labor of the individualistic principles of our government is the only policy which will establish and maintain industrial peace."

"The attempt is made to make it appear that the railroad rates are so high that the shippers and the general public can no longer stand the extortion, but must have relief from Congress. Now, the simple, incontrovertible fact is that the railroad rates in this country are far cheaper than anywhere else in the world. These rates in general are one-third lower than those of Great Britain and France, and one-half lower than those of Germany, where the railroads are owned and operated by the government. An examination of rates in the past also shows there has been an almost continuous tendency downward. In 1870 the rates were three times what they are now."

"What the shippers want in this country is impartial treatment rather than arbitrary reduction of rates. The principle of impartial treatment of the public must be enforced. It might be wise, when it is found that a secret lower rate or rebate has been granted to any shipper, that such a rate be made the open rate for, say, one year, as though the rate were part of the published classification. Unjust discriminations between localities and kinds of traffic ought to be susceptible to correction through the application of the police powers of the government, the same as unjust discriminations between individuals."

"To my mind there are some features in the present tariff situation that open to serious question the wisdom of the 'stand pat' policy. The foreign demand for our agricultural products appears to be declining, and the exportation of manufactured commodities is not nearly so great as it should be. How in the face of unfavorable foreign tariffs we can materially develop the market abroad is difficult to see, unless through the adoption of the more liberal tariff policy on our own part we secure compensating concessions in the tariff schedule of those countries whose markets we seek."

"Reciprocity would be a wiser course than tariff revision. I do not think the situation calls for radical treatment, but rather for the adoption of a conservative policy looking more to the opening up than to the 'bottling up' of our commerce."

BRAVES DEATH TO PREACH.

Commander Eva Booth Goes to Great Meeting in Spite of Illness.

Chicago, May 17.—Commander Eva Booth of the Salvation Army left Chicago Monday night for Kansas City, disregarding the advice of her physician. She addressed a great meeting in Kansas City yesterday.

"I would rather die than disappoint the people who are expecting to hear me speak," she assured Dr. James Whitney Hall when he called upon her at her hotel.

She walked to her carriage on the arm of Col. E. J. Higgins of New York, national secretary of the Salvation Army in America. She is suffering from an incipient attack of peritonitis, according to Dr. Hall.

CANADIAN MILLS NEED HANDS.

Cotton Factories Very Busy, but the Supply of Operatives Is Short.

Montreal, May 17.—The Canadian cotton trade is reported to be very brisk, all mills reporting increased production. The Valleyfield Mills are now showing signs of increased activity. The York Mills at St. Johns, N. B., are short of help, the local supply not being sufficient. Vernon Jackson, manager of the Moncton Cotton Mills, Moncton, N. B., states that he regrets his inability to secure first-class operatives, being now in need of a number of good mule spinners, weavers and cardroom employees.

Mysterious.

"So you have read your daughter's commencement essay?"

"Yes," answered the matter-of-fact father. "I am dumfounded. I can't understand how anybody who can write so sensibly and profoundly would chew gum and wear high-heeled shoes."—Washington Star.

To go through life rejoicing,
"Get Rosey" every morn.
An Ap-1-to-10 breakfast makes you
Glad that you were born.

CANAL PURCHASES ABROAD.

President and Commission to Obtain Material in Cheapest Markets.

Washington, May 17.—The president and the executive committee of the Panama canal commission are waiting patiently for the protest they feel sure will come from American shipbuilders against the decision reached Monday to purchase supplies and material for canal construction wherever they can be had at greatest advantage as to rates and conditions.

The decision undoubtedly means the expenditure of large sums abroad. In the matter of steamships, two for the transportation of employees and material will be bought in England, for two reasons—they can be had at two-thirds the American price and immediate delivery can be assured, which is impossible at home.

The difference in rate is about the same in other things. Congress was given an opportunity to rule on this point, but ignored it.

AGAINST FEDERAL RATE-FIXING.

Trend of Testimony Before the Senate Committee.

Washington, May 17.—Stephen B. Elkins, chairman of the Senate committee which is investigating the railroad question, furnished an explanation of its policy when he remarked at the White House yesterday morning that nearly all the testimony offered had been against any fixing of rates by the Government and that much of this came from carefully selected shippers drawn from the territory where railroad regulation sentiment was supposedly strongest.

PROBING PRINTING OFFICE.

Congress Committee Is Now Ready for Hearings.

Washington, May 17.—The commission, consisting of three members of the Printing Committee of each House of Congress, appointed to investigate the Government Printing Office has at last exhibited some signs of life. The departments have been asked to prepare a detailed statement of the amount, character and cost of the printing performed for it at the Government Printing Office during the last year. Hearings will begin as soon as the evidence has been fully gathered and tabulated.

MORTON IN THE DARK.

Knows Nothing of Report That He Is to Get Railroad Place.

Washington, May 17.—Secretary of the Navy Morton was asked yesterday concerning the reports that he will be given the presidency of the Gould lines east of St. Louis, to succeed Joseph Ramsey, Jr.

"No one has said anything to me about it," he said.

President to Go South.

Washington, May 17.—President Roosevelt expects to make a trip through the South in October next. The details of the trip have not been decided upon, but it is expected he will visit Raleigh and Charlotte in Senator Simmon's district.

Why Smith's Triple Cure Cures Dyspepsia and Catarrh.

No treatment in the world cures dyspepsia and catarrh so thoroughly and completely as Smith's Triple Cure. The reason for such wonderful results is simple and obvious—because this grand triple cure system fully removes the usual cause of dyspepsia—the catarrh of the stomach. Smith's Triple Cure by its combined action on the blood, nerves and mucous membranes cures catarrh wherever located. It drives the poison out of the system and cleans the mucous membranes so completely that catarrh cannot exist or find lodgment.

Dyspepsia may start with a neglected cold in the head or a sore throat extending down into the stomach and setting up catarrh of the stomach. The catarrhal process may result from too rapid eating, overloading the stomach, using badly cooked food, and indulging too freely in ice drinks and stimulants. Smith's Triple Cure cures any case of this kind because it is a foe to catarrh. When you once recognize the fact that dyspepsia is usually caused by catarrh of the stomach, you can understand why Smith's Triple Cure is invariably successful in curing dyspepsia.

People who eat too fast, too much, and too often, who suffer with dyspepsia, heartburn, indigestion, palpitation and nervous weakness, should use Smith's Triple Cure which gives such suffering quick and positive help—it always leads to cures that are lasting. This grand treatment gives new vigor to the overworked and dyspeptic stomach. Begie its use at once. Ask your dealer for Smith's Triple Cure for Catarrh, Dyspepsia and the blood. A grand new system of four separate remedies, a full two weeks' treatment, curing catarrh in any part of the system, price only 50 cents, the greatest value for the money ever offered. If your druggist won't supply you send 25 two-cent stamps and we will send it postpaid and guarantee safe delivery. Address W. E. Smith Co., 125 Summer St., Boston, Mass.

MAY CALL OUT MILITIA

Mayor Dunne's Threat If the
Strike Spreads.

POLICE ARE POWERLESS.

To Prevent Disorder—Many More School
Children Join Move—Gompers, on
Way to Chicago, Will Visit
John Mitchell.

Chicago, May 17.—Strike clouds hung more threateningly over Chicago yesterday than at almost any time since the Teamsters' Union declared a boycott against Montgomery, Ward & Co.

At midnight the teamsters' joint council adjourned with the announcement of President Shea of the International Brotherhood of Teamsters that "union men will stand pat."

A peace commission of five aldermen will seek to end the labor strife. By a vote of forty-five to twenty the city council adopted a resolution creating a special committee to wait upon the leaders of both sides for the purpose of urging that the strike differences be submitted to some tribunal for arbitration.

To show that ostensibly, at least, they were "peacefully inclined," the teamsters responded to Mayor Dunne's request for a meeting with the new commission created by the city council.

President Gompers of the American Federation of Labor, who left Washington Monday night for Chicago, does not come entirely at the solicitation of local labor leaders. He comes by way of Indianapolis where he may confer with John Mitchell. It is believed President Gompers will advise the teamsters to compromise.

Mayor Dunne had a talk with the leaders of the teamsters yesterday, and told them if the strike spread he would order the militia, as the police could not preserve order. The livermen and cab companies also had a conference with the mayor, the strike leaders having refused to order cab drivers to deliver their "fares at the boycotted stores." The mayor said he would revoke the license of any cab driver who disobeyed the city ordinance, which requires the taking of passengers to their destination. More school children have "struck" on account of the delivery of coal by non-union drivers.

UNPROFESSIONAL.

Says Nan's Father of Words of Justice Davis.

Washington, May 17.—Nan Patterson was out shopping with her mother all the morning yesterday. Her father said:

"We decided last night not to discuss the tragedy with my daughter in any way again, and she has not seen Justice Davis' speech. Personally, I consider it very much out of place and very unprofessional for Justice Davis to make any such statement in a public place, and the only excuse I can make for him is that he is trying to help his friend Rand."

Dr. Walton notices a decided improvement in the condition of Mr. Patterson who Monday was thought to be threatened with paralysis.

RIDGE HOTEL BURNS.

Summer House at Kearsarge Village Is Destroyed.

North Conway, N. H., May 16.—The Ridge hotel at Kearsarge Village was burned to the ground early yesterday, causing a loss of \$25,000, with partial insurance. The hotel was almost new and accommodated 100 guests. It was owned by H. H. Dow & Sons and occupied only in the summer.

It is supposed the fire started from a defective chimney used Tuesday when the building was being cleaned for the season.

CAN BE CURED

The Great Good Done by Orrine, the
Liquor Habit Cure, Is Just Beginning
to Be Realized by the
People of This City.

We have had a number of horrible cases resulting from the excessive use of whiskey, beer or other alcoholic stimulants attract our attention in the last few days, and we wish to say that we have the greatest confidence in Orrine, and do not hesitate to recommend it to any one for the positive cure of the liquor habit.

The Orrine Company, Inc., Washington, D. C., have so much confidence that Orrine will cure the liquor habit that they refund the money if it fails to cure. Orrine No. 1 can be given in tea, coffee or food without the knowledge of the patient, as it is absolutely colorless, tasteless and harmless. Orrine No. 2 is in pill form, for those desiring to be freed from this disease. Either form \$1 per package. Ask us about Orrine. We are the agents in this city. Red Cross Pharmacy, Hickert & Wells, proprietors, Barre, Vt.

BIG EXCISE REVENUE.

Total for the Year Expected to Exceed
\$18,000,000.

Albany, N. Y., May 17.—Up to and including May 10 the state department of excise issued 25,562 liquor tax certificates for the excise year commencing May 1 last, and collected the sum of \$16,635,964. This is an increase of 279 certificates and \$213,333 over the same period last year.

Last year the entire receipts were \$90,221 over those of the same period in the year 1903, making a gain in two years of \$203,556. It is estimated that the receipts for the entire year will be at least \$225,000 in excess of those of last year, indicating a total revenue of upwards of \$18,100,000.
